Doctoring Don't Make a Good Roof

You may paint and repaint that "leaky" roof. You may repair and "patch" it--but you can't make it a lasting one. You must use good material in the beginning.

G. M. Co.'s Pearl I. C. Old Style Redipped Roofing Tin

NEEDS NO DOCTORING!

It is made right--honestly--full of quality. It stands without repairs and therefore without additional cost to you. Made by experts--put up in the right sort of rolls--made with full weight, it keeps up to the trade-mark--its reputation as the "best roofing tin."

There is nothing so decorative in its effect as new Wall Paper of a pretty and novel design, or a painted wall, when done in soft tones or rich colorings. The dainty effects I am showing in Wall Hangings, Relief Decorations and Tinted Designs will certainly please the most particular one.

I have the largest and best equipped House Painting establishment in the South, using nothing but pure leads, oils and colors, and employing only the best workmen.

A Good Agent

Should at first glance challenge respectful and thoughtful consideration.

Some salesmen look good, though on close inspection you find there's nothing to commend them but the looks.

It is not enough that an advertisement be attractively designed, well displayed and properly placed. There must be a combination of reasonable statement, forceful argument and convincing logic, and it must be printed in a medium that will lend the weight of prestige to that of a wide circulation, in order to guarantee the best results.

"No Copy Ready"

Ever have something good to announce, but try as you would you couldn't find time in which to write it up properly?

Ever have the copy man say: "I'm very sorry; it's too late for to-day's paper. I'll run it in to-morrow?"

Let me write your ads. I will do it on time--in a strong, business-bringing way.

Phone me--No. 4041.
